COLLECTION

COLLEZIONE

La collezione di divani ELEGANCE rappresenta l'incontro perfetto tra design, comfort e innovazione, offrendo soluzioni d'arredo di alta qualità. Ogni divano è pensato per chi desidera trasformare il proprio soggiorno in uno spazio di eleganza contemporanea, senza rinunciare alla funzionalità e alla comodità.

La collection de canapés ELEGANCE représente la rencontre parfaite entre design, confort et innovation, pour des solutions d'ameublement de grande qualité. Tout canapé est conçu pour qui veut transformer sa maison en un espace d'élégance contemporaine, sans renoncer à la praticité et au confort.

The ELEGANCE sofa collection is the perfect combination of design, comfort and innovation offering high-quality furnishing solutions. Each sofa is designed for those who want to transform their home into a space of contemporary elegance, without giving up functionality and comfort.

DESIGN INNOVATIVO

La collezione si distingue per le linee pulite e minimali, che richiamano un'estetica moderna ed essenziale. Ogni divano è realizzato con materiali di alta qualità, selezionati con cura per garantire robustezza e resistenza nel tempo.

Les lignes épurées et minimalistes de cette collection rappellent une conception moderne et essentielle. Tout canapé est réalisé avec des matériaux de haute qualité, soigneusement sélectionnés pour garantir la solidité et la durée dans le temps.

The clean and minimalist lines of this collection recall a modern and essential design. All the sofa is made with high quality materials, carefully selected to guarantee strength and durability.

COMFORT

Ogni divano offre un comfort ottimale grazie all'imbottitura ergonomica, progettata per supportare il corpo e offrire un'esperienza di seduta rilassante. Meccanismi specifici consentono di scegliere tra diverse posizioni di relax. Le imbottiture vengono realizzate con poliuretani espansi e ovatte differenziate, per le sedute viene utilizzato un poliuretano di ultima generazione di DENSITA' 40 kg x m³, frutto di anni di ricerca.

Tout canapé offre un excellent confort grâce à son rembourrage ergonomique, créé pour soutenir le corps et offrir une expérience de vraie détente. Différents mécanismes permettent de choisir entre différentes positions de détente. Les rembourrages sont réalisés avec des polyuréthanes expansés et des ouates différenciés. Pour les sièges on utilise un polyuréthane de dernière génération DENSITE' 40 kg /m³, fruit d'années de recherche.

Each sofa offers excellent comfort thanks to its ergonomic padding, created to support the body and offer a true relaxing experience. Different mechanisms allow to choose between different positions of release. The padding is made of expanded polyurethane and differentiated wadding. For the seats we use a polyurethane of last generation DENSITY 40 kg/m³, result of years of research.

STRUTTURA

Le strutture dei divani sono realizzate in legno naturale e legno multistrato, scelti per garantire robustezza e stabilità nel tempo. Questa combinazione di materiali permette di ottenere un equilibrio ideale tra resistenza e longevità, assicurando una base solida e affidabile.

Les structures des canapés sont en bois massif et lamellé, choisis pour garantir solidité et durée dans le temps. Cette combinaison de matériaux permet d'obtenir un équilibre idéal entre résistance et durée, assurant une base solide et fiable.

The sofas are made of solid wood and laminated wood, chosen to ensure strength and durability. This combination of materials achieves an ideal balance between strength and stability over time, ensuring a solid and reliable base.

MOVIMENTI

I divani sono dotati di meccanismi che consentono movimenti di vario tipo, il cui scopo è quello di ottenere una facile e funzionale personalizzazione del comfort.

Les canapés sont équipés de mécanismes qui permettent des mouvements de différents types, dont le but est d'obtenir une personnalisation facile et efficace du confort.

The sofas are equipped with mechanisms that allow movements of different types, whose purpose is to achieve an easy and real customization of comfort.

RIVESTIMENTI

I rivestimenti sono sfoderabili, e possono essere realizzati con tessuti di vario tipo, che spaziano da morbidi e lussuosi velluti alle microfibre elaborate, passando per i più innovativi tessuti antimacchia, facili da pulire. Una vasta scelta tra tessuti e colori diversi consente di rendere più esclusivo e personale il proprio ambiente.

Tout canapé est déhoussable et les revêtements peuvent être réalisés avec un grand choix de tissus: doux et luxueux velours, microfibres élaborées, et aussi des tissus antitaches les plus innovants, faciles à nettoyer. Un large choix de tissus et de couleurs permet de rendre votre espace plus exclusif et personnalisé.

The covers are removable and can be made with a wide range of fabrics ranging from soft and luxurious velvet to elaborate microfibers, through the most innovative stain-resistant fabrics, easy to clean. A wide choice of fabrics and colours makes your space more exclusive and personalized.

QUALITÀ E GARANZIA

Tutti i prodotti sono MADE IN ITALY, realizzati da esperti artigiani nei nostri laboratori in Toscana (Italia), utilizzando materiali di alta qualità. Ogni prodotto è sottoposto a rigorosi controlli e solo dopo aver superato tutti i controlli previsti, viene fornito dell'apposito tagliando di garanzia e confezionato.
